

Doesn't this thought tempt you?

A fresh, sweet, cooking fat made of a vegetable oil which is as pure and healthful as the finest salad oil—skillfully combined with beef-stearine from the cleanest, sweetest, leaf beef suet. It is

Cottolene

You do not experiment when you use it—we have been making it for over a quarter of a century.

You save money when you use it—you use one-third less than of any ordinary shortening or frying fat.

You make better food when you use it—its purity and high quality contribute deliciousness and digestibility to the food.

You get full value when you buy it—it is 100% cooking fat—no water and no salt in it, nothing but the finest qualities of a cotton seed oil so high in grade that it is not listed on the market, and of the richest, fresh leaf beef suet.

You get sureness of results with it—the instructions for its use are so simple that they take one or two lines of plain print on the label.

Tell your grocer you want a pail now; arrange with him for your regular weekly supply. Cottolene will be a necessity, an economy and a real help in your home.

Write to our General Offices, Chicago, for our free cook book—a real cook book—"HOME HELPS."

SMOKING AND CUSSING

Proficiency of Eldorado Boys in These Lines Amazes Officials.

Eldorado, Kan., Jan. 22.—Adult "cussers" and youthful cigarette smokers are going to get what Paddy gave the drum, or other punishment just as severe, according to the announcement of the city officials here. Mayor Powell declares that the small boys in the city schools are learning to use man sized cuss words before they learn "Ned" in the first reader, and the older pupils also display a remarkable and volatile proficiency in the art of scattering strong and variegated profanity. Cigarette smoking is keeping apace.

"As the old cock crows, the little chicks learn," is the theory that the officials are going to base their reform movement on, as they think most of the boys learn their bad habits from the idle rich who stand around on the streets and smoke cigarettes and spit and swear when they ought to be out swinging an ax.

The county attorney and the sheriff have promised the mayor that they will render him all the assistance possible, and School Superintendent Hefelfinger will assist in keeping the boys in line.

WOMAN SWALLOWS PIN.

Laughing at Joke Becomes Serious Matter With Parsons Actress.

Parsons, Kan., Jan. 22.—While dressing for a performance of the Parsons Home Talent Theatrical company at St. Paul Wednesday night, Miss Bettie Lou Miller of this city swallowed a pin.

Miss Miller had the pin in her mouth, and when some one cracked a funny joke, she laughed and the pin disappeared. At first the young lady was badly frightened, but she went ahead with her part in the play, and so far has suffered no ill effects whatever.

GIVE A BOX SUPPER.

Pythian Sisters at Hutchinson Raise Money for New State Home.

Hutchinson, Kan., Jan. 22.—A box social for the benefit of the proposed Knights of Pythias Kansas home was held by the members of the Pythian Sisters' lodge here Thursday night, and was largely attended.

The plan to build a new state home in Kansas has been before the grand lodge of the state for some time, and will be taken up again at the meeting which will be held in Wichita during the month of May. Considerable money has already been raised for the benefit of the building fund in various parts of the state.

HUSBAND BEING HELD.

Coroner's Jury Finds Altoona Woman Was Shot by Unknown Party.

Altoona, Kan., Jan. 22.—T. E. Ryan, husband of the woman who was shot to death through a window of her home near here Wednesday night, was taken to the county jail at Fredonia Thursday to await the outcome of the investigation of the shooting.

The coroner's jury late returned a verdict that the killing was done by someone unknown and with felonious intent.

Ryan and his wife were separated. He was in Neodesha when taken in charge by officers.

WAITING FOR \$2 WHEAT.

Ellis County Farmer Is Holding 10,500 Bushels—Others Refuse \$1.30.

Ellis, Kan., Jan. 22.—Refusing to sell a bushel until next summer unless the price reached \$2 an Ellis county farmer has 10,500 bushels of wheat in his bins. This man is but a sample of several Ellis county farmers with nearly as much grain in store. This one particular farmer does not owe a cent and is not embarrassed in any way in holding his crop. Another farmer has 8,500 bushels within one-quarter of a mile from a railroad switch and yet has refused to turn it in at \$1.30 offered here. He can load

two cars a day if he desires to ship it when the price reaches the figures he is waiting for, \$1.50.

The offer of \$1.30 has had the effect of bringing a large amount of wheat on to the Ellis market, however. Many believe that they are safe in selling now, although there are a large number of those with heavy holdings who are willing to risk a wait.

MARRIED BY WOMAN.

Kansas Couple Has Knot Tied by Female for First Time.

Olathe, Kan., Jan. 22.—Mrs. G. H. Robards of Olathe performed a marriage ceremony here Thursday, the first, it is believed, ever read by a woman in Kansas.

Mrs. Robards is a deputy of her husband, a probate judge. During his absence from town, H. E. Chenoweth and Miss Anna M. Erry of Kansas City, called and asked to be married.

"Nervous? Not a bit," said Mrs.

Robards, after she had gone through the ordeal. "I did forget some of the ceremony. But I made up one of my own as I proceeded."

Suspected Bank Robber Held.

Wichita, Kan., Jan. 22.—The police at Pratt, Kan., Thursday afternoon arrested Fred Hambre, said to be on parole from the state reformatory at Hutchinson, who is suspected of being the fourth of the men who last Saturday tried to rob the Andale, Kansas, State Bank. The other three were arrested here Saturday after a fight with officers.

DON'T TAKE CALOMEL.

Instead of dangerous, salivating Calomel to liven your liver when bilious, headache or constipated get a 10-cent box of Cascarets. They start the liver and bowels and straighten you up better than nasty Calomel, without griping or making you sick.—Adv.

Oldest City in the U.S.

is on your way to California's Panama Expositions

The site of Santa Fe, New Mexico, was first visited by the Spanish explorer, Coronado, almost a century before the Pilgrim Mayflower touched Plymouth Rock. To-day the city is a gemmed bit of old Spain set down in hustling America.

Wouldn't you like to see the palace of the Governors (now a museum) where Lew Wallace wrote Ben Hur, or the ancient church of San Miguel with its great bell, cast in sunny Spain 500 years ago? And near the city in Pajarito Park are 20,000 prehistoric cliff dwellings.

Our Old-New Santa Fe folder tells about this interesting city. I will be glad to send it to you along with "To California Over the Santa Fe Trail," and our Exposition folders.
